DETAILED ACTION

Allowable Subject Matter

Claims 1- 7, 10- 18 and 20- 22 are allowed.

The following is an examiner's statement of reasons for allowance:

None of the prior art, either singularly or in combination, fairly teaches or suggests applicant's claimed invention wherein applicant recites "an act of generating bit map representations of a sub- component- oriented character that treats each pixel- sub- component as a distinct luminance intensity source by using a sample to generate each pixel sub- component."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
